MOTION FOR YOUR LIFE

COSMO
Vienna

ADJUSTABLE BED FRAME

Goodnight, Vienna.

Sophistication is defined by quality: a nonchalant refinement that runs through every aspect of its subjects' character. No city embodies this quite like Vienna, a city that appeals to the part of our soul that recognizes beauty and comfort: a worthy inspiration for COSMO Line.

Even when the Viennese sleepwalk, they do it with swagger. The effortless style of the Austrian capital is honored by the COSMO Vienna. The flagship product of the COSMO Line provides distinctive style, poise, and comfort to the collection: an irreplicable elegance that fits perfectly into every day.

All COSMO Vienna models feature nightstand reach – the only compact and shippable adjustable on the market to do so – ensuring exceptional functionality and ultimate convenience. With the expansive Vienna Luxe, users gain even more features, including USB ports, vibration massage, an underbed light and Bluetooth/app connectivity.
