FAMILY OF ADJUSTABLE BED FRAMES

Life=Style

When everything is connected, defining lifestyle is not a question of what you do, but where you do it. The cities in which we live – and the homes in which we reside within those cities – are increasingly transient: parts of a cosmopolitan way of living. Cosmopolitan means feeling at home, wherever you are in the world: the realization of an infinite palette of inspiration that empowers us to define our homes from the inside out.

This all starts, and ends, in bed. The COSMO Line by LOGICDATA is a collection of outstanding bedroom products that are the perfect reflections of the cosmopolitan ideal: COSMO Sydney, COSMO Sydney Comfort, COSMO Vienna, COSMO Vienna Luxe, and COSMO Austin. With these high-quality adjustable bases, we provide the perfect frame, with the perfect features, at the perfect price: a wide-ranging portfolio that enables customers to experience the cosmopolitan lifestyle; from sunrise to sunset.

Standard features include:

- HEAD UP AND FOOT UP
- WIRELESS REMOTE CONTROL
- CHILD LOCK
- FREE-FALL DESIGN
- ZERO-CLEARANCE
- PRE-SET FLAT POSITION BUTTON
- 2 PRE-DEFINED MEMORY POSITIONS
