

Need Shorter
Lead Times?

COSMO Sydney

We've got it covered with our
Domestic Inventory Program

Experience the freedom of the COSMO Line

In unstable times like these, it pays to keep costs as low as possible. LOGICDATA's Domestic Inventory Program is the perfect way to reduce acquisition costs for adjustable bases. With our product stock in Michigan you can benefit from our adjustables shipped just in time to wherever needed. Single pieces via UPS or FedEx, pallets, truckloads, or even full containers to your stores or warehouses.

Your Value:

SHORTER LEAD TIMES

SHIPPING JUST IN TIME
