# Our Mission. Your Chance.

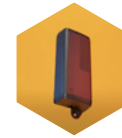

Since 1997, we've created market-leading solutions for mechatronics and adjustable furnishings and brought motion to the lives of millions. Now, it's your turn. Join our team and shine with your talent.

Whatever position: you help drive our mechatronic solutions forward. From industrial solutions, components, lifting columns, to full-frame products for the home and office – together we carry the flag as we stand out in quality, service and value. You'll become part of a truly global team with colleagues who share your drive and augment your strengths.

## SOUNDS LIKE YOU?

# Industrial Solutions

Our state-of-the-art mechatronic solutions bring motion to industrial environments and warehouse automation. As a One-Stop-Shop for mechatronic systems, our plug & play customization options deliver individual solutions that ensure quality, durability, precision and performance.

# Adjustable Desk Systems

Ergonomic working is on the rise – and we’re leading the way with our outstanding office collection. Every LOGICDATA product typifies our desire for maximum value, innovation, and quality.

- **Lifting frames.** Complete adjustable products.
- **Lifting columns.** For customized adjustable desks.
- **Components.** Integration into customer designs.

# Adjustable Bed Bases

Innovation never sleeps. Our e-commerce friendly adjustable bed bases – with their minimalistic design and the market’s smallest packaging – are changing the market for home furniture.

- **Optimized.** Bed frames made for e-commerce.
- **User-friendly.** Easy to assemble and comfortable to use.
- **Innovative.** Unique packaging and shipping concept.
